

All at Your Service

BIP-1300 Series

Transaction Mobile Computer

BIP-1300 Series

INDUSTRIES

Retail

Public Transport

Hospitality

Finance

The BIP-1300 Series delivers a comprehensive range of mobile data collection, payment transaction, and receipt printing functionality in a single device for transportation and logistics, retail, and FMCG industries.

KEY FEATURES & BENEFITS

All-in-one

Thermal Printer, Card Reader, RFID, Barcode Reader, WiFi, WWAN, GPS

The BIP-1300 Series is integrated with 2" thermal printer, MSR, contact and contactless payment (optional) reader, HF RFID reader (optional), 1D Imager / 2D Imager, camera as well as 802.11 b/g, Bluetooth, WWAN, and GPS. This all in one mobile POS suits for retail mobile point of sale, mobile data processing, receipt and invoice printing, mobile ticketing, and DSD route accounting.

Secure Payment

EMV / PCI PED / APACS / Master PayPass / Visa Wave

Complying with the strictest security standards like PCI PED and EMV Certifications, as well as the local security standard such as APACS and CUP, the BIP-1300 Series keeps your personal and transactional data safer than ever. Pay with conventional Credit Cards, IC-Cards, or even contactless payments with a peace of mind.

Compatibility

Windows Mobile or Windows CE

The BIP-1300 Series with Windows Mobile-based operating system makes it easy to install custom applications and access to your work PC. The device allows you to manage real-time information all about work documents, customers, inventory, delivery and much more without any restraints of time or place.

Ergonomic

3.5 inch Touch Screen, Numeric/QWERTY Keypad

The BIP-1300 Series is compact and fully function-packed device for comfortable operation with one hand. The large 3.5" touch screen enables collecting the digital signature and a built-in camera helps capturing images for proof of condition and more. Additionally, Numeric or QWERTY keypad is available depending on user preference.
